

UROLOGY RESIDENTS' COURSE 2015

20 - 24 August 2015
Singapore

What is it?

The Urology Residents' Course is organised by the Singapore Urological Association in conjunction with the Asian School of Urology under the auspices of the Urological Association of Asia. It is a five-day intensive course covering Kidney & Bladder Cancer, Penile, BPH, Reconstruction, Adrenal & GU infections. A distinguished panel of international and local faculty will be invited for this premier regional educational event.

Who should attend?

This course is primarily aimed at the advanced urological trainees who may be preparing for certification examinations. Junior trainees will also find the instructions useful for their further studies. Practicing urologist may find the programme useful as a quick refresher.
